

All About the Hospital

There are so
many different
kinds of
hospitals.

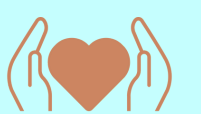

Some hospitals
are for
grown-ups,

and some are
just for kids!

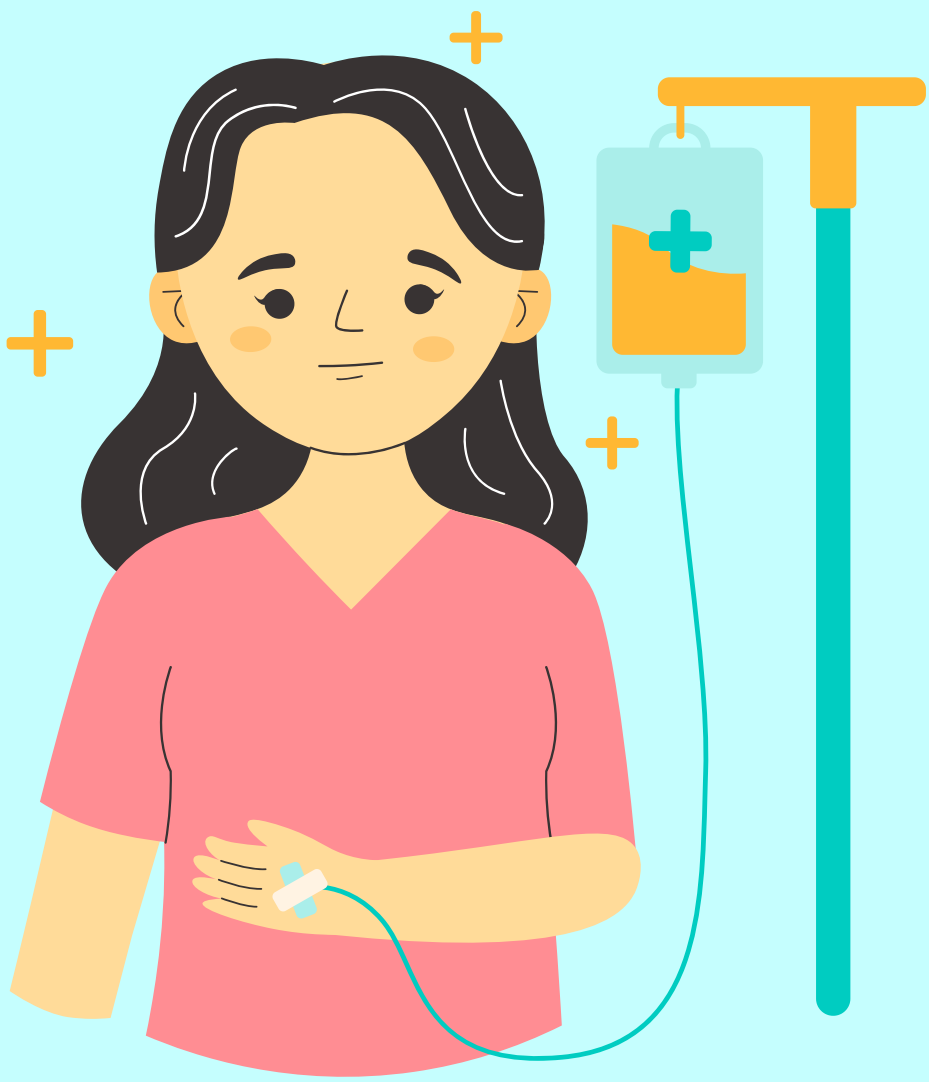

People go to the
hospital for so
many reasons.

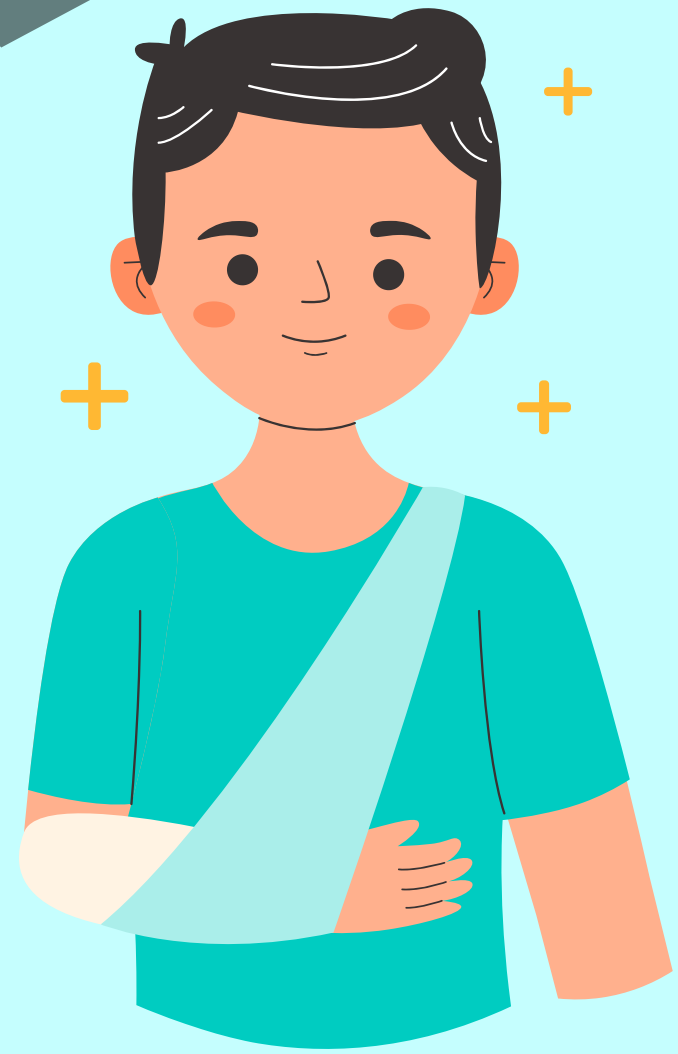

GUIDE

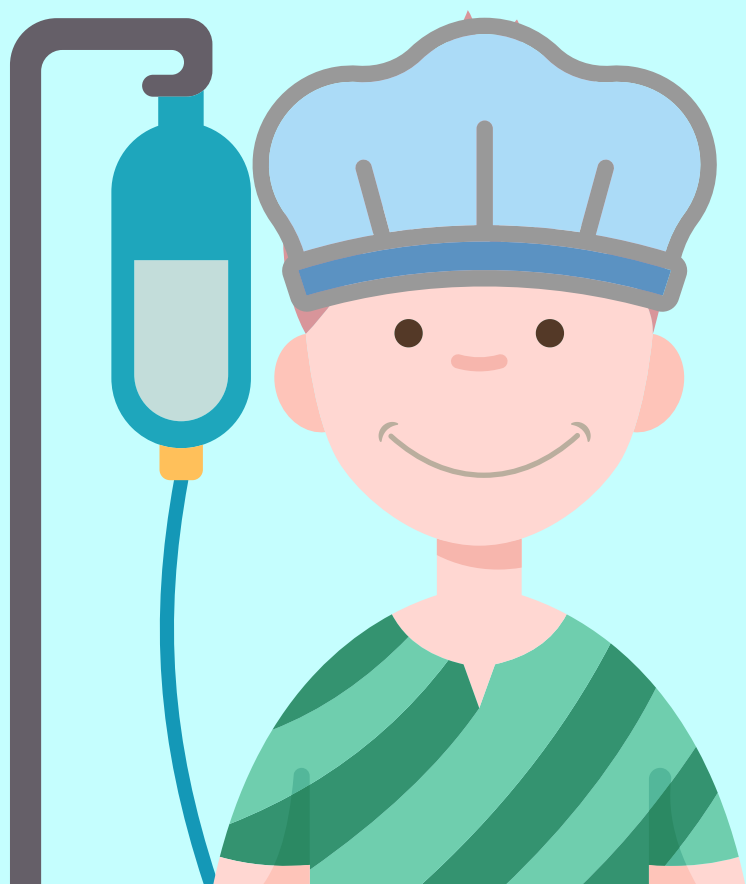

Child Life Private Practice

Some People go to the hospital when they are sick.

Some People go to the hospital when thier body is hurt.

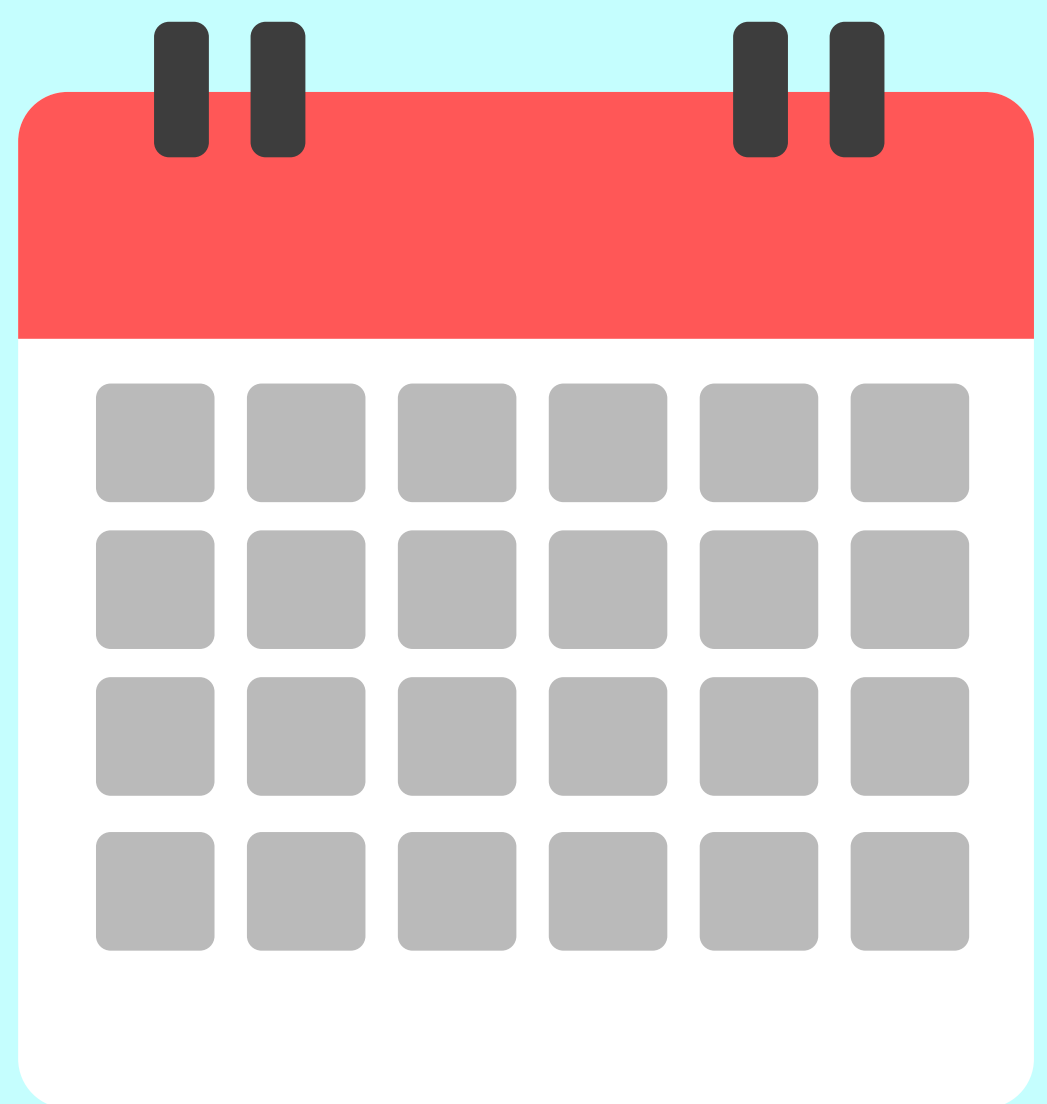

Some People go to the hospital when they need to have a Surgery.

Some People go to the hospital when they have a baby in their belly.

Sometimes people go to the hospital for a quick visit to see a doctor, or to visit someone they love. Other people go to the hospital and sleep over for one night, or for lots of nights in a row.

There are lots of people
who work in the
hospital too!

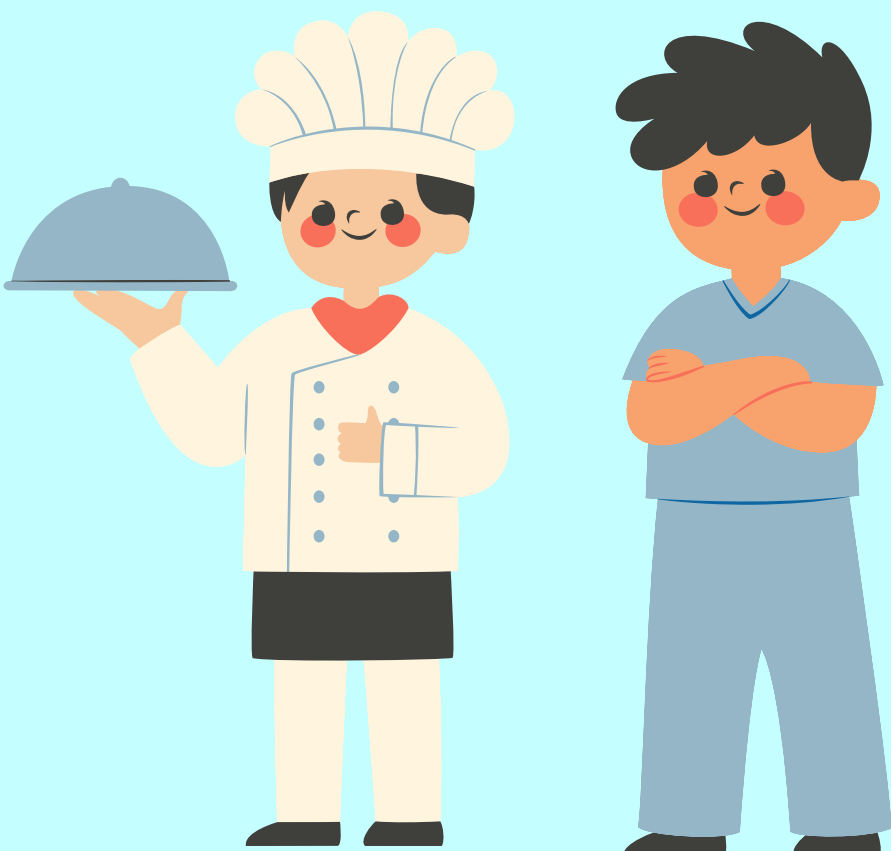

Doctors
&
Nurses
